EXPERIENCE

Fullstack Developer
Zoomers Gent   04/2025 - 06/2025

- Upgrading the platform with new features and debugging existing functionalities using PHP.
- Collaborating closely with web designers to ensure optimal UI/UX for new and existing features.
- Solely responsible for the portfolio feature update, providing Zoomers with full management controls over their portfolio.
- Successfully fixed and optimized the sales flow in the back office, improving operational efficiency.
